

Technical Characteristics

| | |
|------------------------------|---|
| Filtration System | Activated carbon filter, 2.5" depth, medical-grade HEPA, pre-filter |
| Carbon Weight | 15 lbs. |
| Surface Area of Carbon Media | 1875 acres |
| HEPA | Medical-grade, removes 99.97% of all airborne particles 0.3 microns in size |
| Surface Area of HEPA Media | 4778 sq. in. |
| Micro-HEPA | |
| CFM | 400 |
| Speed | 3-speed |
| UV Lamp | Available (except California) |
| Available Colors | Black, Sandstone, White, Pewter, Red, Copper, Silver |
| Voltage | 115/60Hz or 230/50Hz |
| Amps (115V/230V) | 1.3/0.5 |
| Cord Length | 8 feet |
| Noise Level | 50-75 dB |
| Maneuverability | 4 x 2" wheels |
| Filter Access | Pre-filter bottom no tools, Main filters bottom with screws. |
| Motor Details | Motor with a blower wheel |
| Dimensions | 20.5" (height) x 15" (diameter) |
| Shipping Weight | Approx. 50 lbs. |
| Operating Weight | 44 lbs. |
| Number of Units per Pallet | Multiple |
| CSA/UL | Yes |
